

LPG/CNG

Valve Saver Kit

Mechanic valve protection system for LPG/CNG Powered vehicles.

The distinguishing features of the Mechanic Valve Saver Kit include its compact design which allows a fast installation even in case of limited space under the hood.

Via the application of high quality materials as well as the consistent rejection of electronic components we have achieved a long-lasting, service-proof, price-friendly product.

- Precision needle valve with setscrew guarantees optimum dosing.
- High quality plastic container resistant to high temperatures (no more deformation)
- Corrosion resistant premium steel holder
- Reliable protection of LPG/CNG powered engines at a reasonable price

Available in the following bundles:

+ 0,5l Valve Saver Additiv

+ 1,0l Valve Saver Additiv

+ 5,0l Valve Saver Additiv
